MGSCV Petrograph - April 2013
Monthly Bulletin of the Mineral & Gem Society of Castro Valley, inc.

This publication is the bulletin of the Mineral and Gem Society of Castro Valley, Inc., a member of the California Federation of Mineralogical Societies, Inc., the American Federation of Mineralogical Societies and the North Bay Field Trip Association.

Bulletin Submission Policy

Submission deadline is the second Friday following the General Meeting (normally the second Wednesday of the month.) Anonymous contributions will not be considered for publication in the Petrograph; however, if requested at the time of submission, the contributor's name can be withheld. Members are encouraged to submit articles that may be of interest to the general membership. The bulletin editor reserves the right to edit any submitted articles or omit any submission from publication. Source must be cited for material quoted from other authors. Permission to reprint Petrograph articles is hereby granted provided properly cited.

Monthly Bulletin of the Mineral & Gem Society of Castro Valley, inc.
Meeting Minutes

BOARD MEETING -
Submitted By Sheryl Cooper
Board Meeting - Mar. 11, 2013

The meeting was called to order at 7:05 pm. In attendance were **Bonnie Andrade, Mike McBride, Betty Milam, Diana Cohoon, Sheryl Cooper, Jodi Minshall, Beth Farmer, Mike Cox and Cathy Miller**

Treasurer: The February treasurer's report by **Betty Milam** was discussed. **Sheryl Cooper** moved to accept the reports as presented. **Mike Cox** seconded the motion and it was carried unanimously.

Minutes: **Beth Farmer** moved to accept the February board minutes as printed in the Petrograph. **Mike Cox** seconded the motion and it was carried unanimously.

We started discussing getting our own geode splitter for the show next year. Should we get a new one or a used one? We could get the parts and build our own. We will look into it further.

Shop: We are getting donations and selling items. **Beth** traded 160 lbs of obsidian for petrified wood and other rocks. She is working on installing a motor into a saw.

Show: **Cathy** reported that the setup went pretty well. We didn't have to stay too late. The fire and building inspections were really simple this year. The Pavilion had to move a couple of fire extinguishers, but we passed.

We paid the electrician for the electrical work. We should get the original receipts.

We never received the plans to approve the work before hand like we asked. The Pavilion approved the plans but the society paid for the work.

The raffle didn't go over very well. There were too many different raffles. The food trucks were good, but we didn't get as many as we thought. Some left early on Sunday.

The show wrap up meeting will be April 4 th. The show was totally packed away by 9:30. Next years' show will be Feb 21, 22 and 23 and several dealers complained about the dates.

Editor: The March Petrograph went out after the show. **Elizabeth** and **Michelle Bennett** went to the dealers at the show and interviewed them. **K & D** donated slabs to our junior program.

Membership: The total membership is at 116. There are about 12 new members this year.

Announcements: The scholarship program will be at the May general meeting.

John Gullak is doing better. He can now put some weight on his hip.

Education: The polymer clay and opal classes are on hold for now. Look for lost wax and wire wrap classes coming soon. There may be a silversmith class.

New Business: We are looking for a field trip coordinator and a federation director. We discussed the club scholarship and the donations to the **AFMS** and **CFMS**.

MGSCV Petrograph - April 2013

Monthly Bulletin of the Mineral & Gem Society of Castro Valley, inc.

Beth Farmer moved to vote each year on the **CFMS** and **AFMS** scholarship donations from our society. **Betty Milam** seconded the motion and it was carried unanimously. **Beth Farmer** purposes to decline making a donation this year. **Mike McBride** seconded the motion and it was carried unanimously. **Bonnie Andrade** looked for a new company to make our badges since **Joyce Buhnerkempe** retired. She found **Frank Mullaney** with **Rocky Five** in San Jose area. **Betty Milam** moved for the club to pay the \$10 logo fee to Rocky Five. **Jodi Minshall** seconded the motion and it was carried unanimously. An application will be placed in the Petrograph for anyone wanting to purchase a club badge.

The **Napa Valley Club** advertised in the CFMS newsletter they are selling cases with light fixtures for \$75 each. **Beth Farmer** moved to purchase at least 5 of the 4 foot cases advertised the in CFMS. **Cathy Miller** seconded the motion and it carried unanimously.

The meeting adjourned at 8:30 pm.

GENERAL MEETING Mar. 19th, 2013

Submitted by **Sheryl Cooper**

Bonnie Andrade called the meeting to order at 7:40 pm. There were 22 members present.

A new member, **Amy Burroughs**, joined us tonight. She does beading and has been to several shows. She kept meaning to join the club and decided this was the year to do it. She is excited about all of the possibilities and can hardly wait to get started.

Minutes: **Shirley Buschke** moved to accept the February minutes as printed in the Petrograph. **Jodi Minshall** seconded the motion and it carried unanimously.

Show: By 9:30 pm the show was all wrapped up and put away with no paid helpers this year. We have completed another show. Things went well. We had some different and new things. The wrap up meeting will be Thursday, April 4 at the shop at 7:00 pm.

Editor: Everything is going fine. Please leave the shop copy of the Petrograph at the shop. Send your articles to editor@mgscv.org

Membership: There are 121 current members with three more paying tonight. There will be an email reminder going out to everyone who hasn't paid yet.

Juniors: No juniors at the moment.

Sunshine: **John Gullak** is coming along slowly. His ankle is swollen now so therapy is going slowly. **David Howell** is in 24 hour care and it is going day by day.

Scholarship: The presentation has been moved to the May general meeting.

Education: It is time to start setting up more classes now that the show is over.

Announcements: **The shop clean up will be on Saturday, April 13 and the Open House on Sunday, April 14 for 10 - 2.**

Don't forget to feed the kitty at the meeting. This is what keeps the coffee and paper goods supplied for the meetings.

MGSCV Petrograph - April 2013

Monthly Bulletin of the Mineral & Gem Society of Castro Valley, inc.

New Business: We have a new vendor - **Rocky Five** - for our club badges. The price is \$5.50 each. They will be 2" x 3" and the same color - blue background with yellow lettering. We will be placing an order early April and **Bonnie Andrade** will pick them up around April 20th.

Show Comments: The admissions were better than last year. **Betty Milam** is still working on the final numbers.

The food was good at the food trucks but they left early and there were not as many as promised. We need to contract with the trucks directly next year.

Jason Tate suggested a mascot walking around the show and has volunteered to be the mascot next year.

Many people were not satisfied with the raffle and want the live auction back. We gave it a try it but it didn't work for finished goods. Some suggested a silent auction but we were not sure this would be better. There were mixed feelings about closing down the demo room on Sunday. **Cathy Miller** and **Sheryl Cooper** did some brain storming over the problem. We came up with holding the live auction on Sunday in the courtyard weather permitting. If the weather is not cooperating then holding it in the big kitchen since we are not using it to serve food. More discussion on this will happen at the show meetings.

We could put up more exhibit cases in Hall 4 in front of the big kitchen.

Hall 4 is getting a small stage in the back corner with a 16" step. When we get better

dimensions we will see how this affects the dealer space.

Geodes were a super hit and made a profit. We are looking into making our own splitter and where to purchase geodes.

The demo room needs a sign, Something bigger to grab the public's attention and draw them in, and we should put up signs behind the demonstrators like we do for the dealers.

Shop lifting and security are still concerns. Our security is mainly private citizens who make their presence known to discourage thieves.

It was a good show. The weather was good and the parking lot was overflowing.

The **Castro Valley library** picks the displays for the following year in June. The Fremont library has already agreed to our display for next year.

Some felt we needed more communication to the members about what can be done and when, for the show. Use the email system more with shorter messages. In the advertising, list what annual show it is. Such as "61st annual show"

If you have more ideas or suggestions join us at the show meetings.

Drawings: The name pulled for the \$100 member drawing was **Janice Goesch** this month.

Attending Member Tickets - **Jim Ewing, Jason Pate, Diana Cohoon, Amy Burroughs, Stephen Caudill-Merida, John Caudill, Peggy Cooper, Mike Cox, Jodi Minshall, Doc Buschke, Sheryl Cooper,**

MGSCV Petrograph - April 2013

Monthly Bulletin of the Mineral & Gem Society of Castro Valley, inc.

Betty Milam, Cathy Miller, Cheryl Gullak, Mike McBride and Lisa Hampton

The meeting adjourned at 8:45 pm and the silent auction was closed at 9:00 pm.

ROCK RUMBLES Apr. 2013

By Shirley Buschke

Every year **Doc Buschke** and **John Gullak** race to see who can put the first object into our auction case for our next show. This year they were both beat by **Horace Robertson** who donated a set of three agate beads and **Jim Ewing** who faceted an Ethiopian opal. We may ask a member to set it for our raffle.

Missed a few names at the show. **Jamie McDonald** hopes to be back at the shop, her daughter **Sheryl** was with her. **Jamie** ran the door prize section as she has for years. She said she is cutting back her volunteering at Eden Hospital. **Ron Miller**, our past president, was there on crutches, broke a bone in his foot, which explains why he did not help with set up. **Janine Carlson** entered a case. Also spotted Pia Marlof. **V.P. Mark McBride** seemed to be everywhere at the show. I think he had invisible skates on.

Our pendant winner was the father of **Katie Furuyama**, who always brings her dog **Jasper** with her while she facets. That dog is a charmer and half the Saturday crowd has bought dog food for it.

The auction case is lonely awaiting your contribution! We are hoping to try some new ways to use the donations to gain money for our club. Do you have any suggestions? Use the internet, have a sale before Mother's day? etc.

It's almost time for entering the **Alameda county Fair**. We really should have a club case. Are there any volunteers? Your entry brings you two free passes and a parking pass, and you might even win a prize. Ask **Diana Cohoon** who won a prize last year. For information, go to www.ACFairExhibits.com. Deadline is May 22. There is a nominal entry fee. The Fair is June 19th through July 7th.

Treasurer **Betty Milam** and husband enjoyed watching the baseball games in Phoenix. **Beth Farmer** was also there but they did not run into each other.

John Gullak will probably be home by the time you read this. He broke his hip. And **Pat Rigor** also has had a hospital stay due to a stroke. She suffered a stroke March 22 and had surgery. Husband **Ed** has been in therapy prior to a knee operation. **Diana Cohoon** also had surgery on her throat but is talking already. She said all went well.

MGSCV Petrograph - April 2013

Monthly Bulletin of the Mineral & Gem Society of Castro Valley, inc.

Doc and I visited the rock and gem show in Roseville recently. Nice to be greeted by some of our show dealers. There were Lots of dealers we have never seen, the Fair grounds were very hard to find. They had Lots of kids activities because they had lots of space for them.

Charlotte Snyder kept her word. She said she would be returning to the shop and there she was, she said she joined 17 years ago. How time flies.

ANNOUNCEMENTS

'The Castro Valley Science Festival has asked our club to participate in this year's Science Fair to be held at the Castro Valley High School on the first Saturday in May - May 4, 2013 from 10am to 2pm. Set up can begin as early as 8:30am. Last year the Mineral and Gem Society of Castro Valley had 2 8' tables for displaying rough rocks to finished cabochons. All grades are invited to the Fair- from kindergarten to High School. The younger children loved touching the rocks. Any member that is interested in helping at the Science Fair and/or showing a display, please contact **Betty Milam** for more details.'

The shop clean up is April 13th at 8:30 am, and the open house will be April 14th from 10 to 3pm. We need hot and cold dishes and salads & desserts made by members for the visitors.

Our April General Meeting program, "Gemstone Safari to Tanzania", has been postponed due to a sudden illness with the speaker, **Dennis Freiburger**. He will re-schedule at a later date. We all wish **Dennis** a speedy recovery. Our April program will be "What's Up in Our Shop. Meet The Shop Manager". This will give both new and long term members an idea of the many things our shop offers, what's available and what's new. Our May General Meeting will be our scholarship presentation. In June our program will be "**Morgan Hill Poppy Jasper**" presented by **Lawrence Keyte** and **Robert Frederickson**.

WANTED!!!

We need a **field Trip Coordinator**, and a **Federation Representative** for our club. There will be a **NBFT** Spring meeting hosted by the **Peninsula Gem & Mineral Society**, April 13th at the Shoup park Garden house, 400 University ave , Los Altos, Ca. Contact Colleen McGann 831-212-1951, or colleen.mcgann@hds.com. Attending this meeting will give insight on setting up or sponsoring field trips, and a good chance to meet people already doing this job. Please consider attending.

GEM OF THE MONTH

Submitted by Diana Cohoon

Our gem of the month is from Essex England in a small town called Chelmsford, and was educated in England. He began to work in the Antarctica for the British Antarctic Survey, as a Tec writer, and stayed for 2 yrs. After that he was offered a job with a company in Italy as a Tec writer, and stayed 3 yrs. In 1990, he was asked by his former company from Italy if he would like to move to the U.S. and be a Tec writer in Cupertino, Ca. He accepted and later became a Software Developer, and began writing Tool scripts. Our Gem is married and lives in San Jose with his wife and 3 kids, and he is also a proud grandpa. His hobby is woodworking, and he had a piece of Morganite and began an online search of ideas on how to facet this Morganite. He heard about our show in

MGSCV Petrograph - April 2013

Monthly Bulletin of the Mineral & Gem Society of Castro Valley, inc.

Newark, and went online to find us, went to our website for directions, came down and visited our shop, and consequently joined that day. He has completed his first cab on Monday night (beginners night), and is working on his second. Can you guess who our Gem is? His name is **Roland Araj**!

BRAD SMITH BENCH TIPS

SHARP KNIVES FOR CUTTING MOLDS

Cutting molds is easier and more precise with a sharp blade. A new Xacto blade is sufficient for cutting RTV molds but is usually not sharp enough for vulcanized rubber. For that it's best to use scalpel blades available from most jewelry supply companies.

The #11 blade is triangle shaped, and the #12 is hawksbill shaped. I find the hawksbill is particularly nice for cutting the registration keys of the mold.

be removed. The ball shape seems to be more controllable than other cutting burs. They're less apt to grab and walk over your piece.

As to sizes I've found that 8 mm is a very useful size for carving while a half mm or smaller at high speed works great for signing your name on the back of your work.

Would be interested in what others use them for. - Brad

More bench tips from Brad Smith can be seen at [facebook.com/Benchtips/](https://www.facebook.com/Benchtips/)

BALL BURS

I use ball burs quite a bit for carving and for cleaning up bits of solder that need to

KIDS KORNER

By: Elizabeth Bennette, 14 yrs old

Dealer Interviews

Though the Mineral and Gem Society show was a month ago, I still find myself reflecting on my experience there, and wonder why the dealers, who are a really huge factor of our show, want to come back every year. There are so many other shows around California that these dealers could have attended instead of ours, like ones in San Francisco and San Mateo, so I was

MGSCV Petrograph - April 2013

Monthly Bulletin of the Mineral & Gem Society of Castro Valley, inc.

astounded to find out that the waiting list is almost as long as the list of dealers that were going to show up at our show. My curiosity piqued, I decided to talk to some of the dealers during my time at the show, asking them what about our show was so great to them, and why they keep coming back. "It's a real mineral show," said a dealer from Mid-South Alabama, "that's what made me want to come back since I was here 20 years ago." In fact, this view of our "real" show has made dealers want an invitation to our event every year. The immense variety that comes from all the dealers lets the members, visitors, and dealers have an exposure to different types of stones that they're not usually familiar with. For example, **The Frazier's**, dealers who sell a large variety of gemstones and informational books, told me all about what their experience was like at the show, which they had been attending since the first one which was in the Castro Valley High School gymnasium in 1965. "I love being able to see all of the different dealers who I'm friends with" she said. I got many of the same replies from other dealers who have been to the show multiple times, like the dealers from **J and J's**, who have been selling their garnets, lapidaries, and antiques at our show for 15 years. They mentioned how they really don't just come for the business factor of our show, but because the environment is so "welcoming and fun, because we know everyone, and I like seeing my friends again." I want to thank K&D for my long interview with them, and the donation of some slabs for the juniors in our club. They let me come

behind their booth, and showed me the various Agates and Fluorites and Jaspers they were displaying. I know the members feel the same way about seeing one another outside of the shop, and it feels great to be able to help out every year with my fellow members, and interact with the visitors. Both the dealers and I agree that seeing the visitors' faces light up with delight when they're able to recognize a type of stone, or spot a piece they've been looking for, makes the show entirely worthwhile. With such positive responses to our event, it makes me proud to say that I am a member of **The Mineral and Gem Society**.

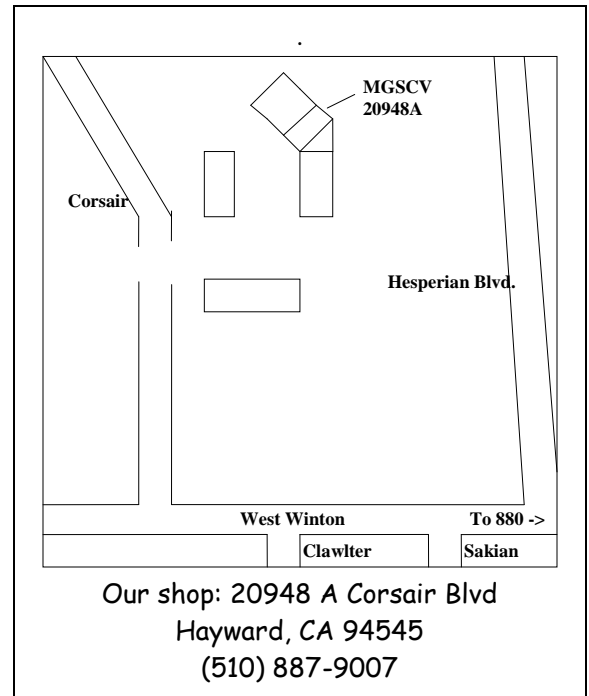

BE HAPPY!!!!!!!!!!!!!!!!!!!!!!!!!!!!

MGSCV Petrograph - April 2013

Monthly Bulletin of the Mineral & Gem Society of Castro Valley, inc. Mineral & Gem Society of Castro Valley (MGSCV) Membership Application and Information

Membership is good for one calendar year from January 1st through December 31st. Please fill out and sign the application. Mail the completed form, a check for the dues **payable to MGSCV**, and a self-addressed, stamped envelope to - **MGSCV, Attn: Membership Chair, P.O. Box 2145, Castro Valley, CA 94546.**

Your membership is active upon receipt of your check and application. It will be processed and membership cards will be mailed to you within 4 weeks. Your email will be added to the list for the Petrograph, our newsletter. Your name will be added to the roster in the lobby at the workshop and in the drawing at the general meetings for cash prizes, if present.

We are a non-profit club whose sole purpose is the education of lapidary arts and geological sciences for all who are interested. **No products produced in the shop can be sold for profit.** All members should have or be familiar with the MGSCV Handbook. A copy is available for review in the club's lobby or one can be emailed to you by sending a request to info@mgscv.org.

Before any member may operate any equipment or take any class they must have completed an orientation and their first cabochon. **To schedule an orientation send an email to WorkShopManager@mgscv.org with your name, phone number, and a good time to call you.** During the orientation you will learn about the club and get a tour of the workshop. Monday evenings are reserved for beginners only.

Membership dues cover less than 10% of our annual operating costs. It is our annual show that funds the club, workshop and all activities. **A requirement of membership is that every member must work at the show for a minimum of 4 hours.** The show is always held the first full weekend of March, so mark your calendars. The show is fun to work and is the reason we have the best workshop/club in Northern California. Shop services such as rock sawing, casting, special classes (faceting, wire wrap, metal work, etc...) will not be available to members who do not work at the show.
